Waiver cover is included and will cover loss or damage due to theft and collision damages, but not to lost or damaged equipment due to carelessness or negligence.
 - Cross Border Travel – written authorization is required for any travel outside of South Africa at an additional fee.

Neither Drive South Africa nor the supplier of the vehicle is responsible for ad hoc fines, levies or other extraordinary expenditure that may occur in countries outside of South Africa.

The Renter is responsible to acquire and ensure:

All vehicle travel documentation to countries outside of South Africa is valid for a minimum of 14 days after rental termination date – failure to do so will result in the respective country penalty being charged to Renter's credit card/account.

On signing the contract, the **Renter** signs acceptance of the vehicle and equipment.

REPAIRS, MECHANICAL FAILURES AND RUNNING CHARGES

- Any mechanical repair or replacement related to fair wear and tear is covered by the **Supplier**. Repairs of up to ZAR 3,000.00 can be affected without prior authorization. On higher amounts prior authorization is required from the **Supplier**. Due to the vastness of the area where vehicles are mobile the **Renter** is responsible to get the vehicle to the nearest workshop. Where not mobile the **Supplier** should be contacted to arrange towing for the vehicle to be towed to the nearest workshop for diagnosis.
- In most cases vehicles are still covered under the new vehicle manufacturers warranty and their warranty conditions will apply where mechanical failures occur. It is important to remember that the **Supplier** is *not the manufacturer of the vehicle or equipment but will do its utmost to select and offer the best and most recommended vehicles and equipment as well as ensure the vehicles are fully maintained and checked prior to departure.*

- Where serious mechanical failures occur due to standard wear and tear and which cannot be repaired timeously, a replacement vehicle will be supplied within 24 hours of diagnosis. This relates to the countries of South Africa, Botswana and Namibia. The replacement time in the following countries will be 72 hours: Zimbabwe, Southern Mozambique and Zambia.

- The **Renter** must fully refuel the vehicle no more than 10km radius from drop off point – the **Supplier** reserves the right to confirm the fuel level by way of refill. Vehicles are fitted with Long Range tanks, therefore the fuel gauge showing full does not constitute a full tank – each vehicle will be topped up on return.
- An ZAR 850.00 cleaning fee is charged to the **Renters** account. This is a standard fee charged to all **Renters** for cleaning the exterior and interior of the vehicle as well as the linen, crockery and cutlery. In addition, should the vehicle reach 15,000 kilometres (Ford Ranger or 10,000km for Toyota Hilux and Land Cruiser) intervals during the rental period, the **Renter** is required to service the vehicle at a suitable workshop associated to the vehicle manufacturer. Where an official dealer is not available, other workshops may service the vehicle with prior authorization.
