ONE WAY DROP OFF AND DELIVERY FEES

Vehicles can be collected and dropped off in most areas in Southern Africa for additional charge. It is recommended to use the official depots.

Risk of remote handovers – clients should be aware that there are very limited facilities in most smaller towns in Southern Africa and no option to replace or repair specialized equipment. This may affect the service delivery, albeit only on exceptions which is why we recommend using our standard depots where possible.

Please confirm all delivery and collection fees at time of enquiry

DEPOT SURCHARGES

Delivery/depot surcharges may apply to certain areas and/or collection depots. Please enquire with your rental agent

USAGE

- The **Renter** acknowledges that he/she is aware of the purpose for which the vehicle was designed, as well as all safety and maintenance procedures. The **Renter** is responsible to look after and maintain the vehicle during use and to return the vehicle in good order, fair wear and tear accepted.
- In the event of the vehicle or any of its belongings being lost or damaged during the rental period, the **Renter** shall be liable to cover the cost of replacement or repair and to make good on any shortages or damages to the vehicle. Standard Insurance Cover is included and will cover loss or damage due to theft and collision damages but not lost items or damages due to gross carelessness or negligence.
- Cross Border Travel – written authorization is required for any travel outside of South Africa.
- Checking the vehicle and signing the contract – it is recommended that the **Renter** should check the vehicle thoroughly on handover to ensure the vehicle meets with their requirements and it is always beneficial to recheck items like wheel changing tools and tyre condition. On signing the contract, the Renter signs acceptance of the vehicle and equipment.
- The **Renter** is in control of the vehicle and is responsible to report any problems or avoid any driving obstacles they are not comfortable to cross or which may put the vehicle at risk. Additional care should be taken in remote areas where recoveries and repair are more difficult to effect. These areas carry higher risk and the Renter assumes this risk when entering these areas. The **Renter** should be pro-active prior to entering these areas, do general checks on the vehicle and any noises, new rattles or possible fluid leaks investigated before heading into remote areas.

REPAIRS AND MECHANICAL FAILURES

- Any mechanical repair or replacement related to fair wear and tear is covered by the **Supplier**. Repairs of up to ZAR 3,000.00 can be affected without prior authorization. On higher amounts prior authorization is required from the **Supplier**. Where not mobile, the vehicle should be towed to the nearest workshop for diagnosis.

- Wherever possible please contact the **Supplier's** Johannesburg Head Office if you pick up a technical issue. The renter will benefit by using Toyota service centers in these countries as all service costs are covered.
